

# DAVID LAM, MD, FAAD, FASMS

## BIOGRAPHICAL SKETCH:

Date of Birth: April 23, 1973  
Place of Birth: Caverna, Kentucky  
Position: Board Certified Dermatologist  
Diplomat of American Board of Dermatology  
Fellow of American Society for MOHS Surgery  
Academic Alliance in Dermatology

- 1005 East Boyer Street  
Tarpon Springs, FL 34689  
Tel. 727-934-7638 • Fax 727-944-4052
- Trinity Outpatient Center  
2102 Trinity Oaks Boulevard, Suite 203  
New Port Richey, FL 34655  
Tel. 727-375-5961 • Fax 727-376-8710

## EDUCATION: 1991-2003 (SEE BELOW):

Undergraduate: Western Kentucky University, Bowling Green, KY..... 1991-1995  
Summa Cum Laude  
Major: Chemistry Minor: Biology

Medical School: University of Louisville Medical School, Louisville, KY..... 1995-1999  
Graduation: Summa cum Laude, May 1999.

Internship: University of Florida, Gainesville, FL ..... 1999-2000  
Internal medicine

Residency: University of Florida, Gainesville, FL  
Dermatology and Cutaneous Surgery

- Chief Resident, June 2002 - June 2003
- Dermatology Resident, July 2000 - June 2003
- American Board of Dermatology In-Training Exam: 2001-88%, 2002-99%ile
- Surgical Experience: over 600 excisions, over 100 flaps, 30 grafts, 100 Mohs surgeries. Extensive experience with lasers including Nd:YAG (1064nm), fd-Nd:YAG (532nm), Erbium (2940nm), Alexandrite (755nm) and Variable Pulse (532nm)

## RESEARCH EXPERIENCE:

Aratec Clinical Research: medication names and research were protected by confidentiality agreements.

- Long term safety assessment of helioblock sx cream in patients with PMLE.
- The safety and efficacy of adapalene gel as compared to its vehicle and adapalene gel in the treatment of acne.
- An open label study to evaluate the safety of topically applied tacrolimus ointment for the treatment of atopic dermatitis.
- A randomized, double-blind, double-dummy, placebo controlled, multicenter study assessing the effects of norethindrone acetate and ethinyl estradiol in the improvement of moderate to severe age related skin changes in postmenopausal women.
- A double blind, randomized, placebo controlled, multi-center trial to investigate the efficacy and safety of terbinafine HCL spray when applied twice daily for seven days in subjects with tinea pedis.
- A double blind, placebo controlled, multicenter study to determine the effect of finasteride in men with advanced male pattern hair loss.
- A two year, double blind, randomized, placebo controlled, parallel group, multicenter study to determine the efficacy and tolerability of finasteride 1mg on hair loss in men aged 41-60 with androgenetic alopecia.
- Research assistant, Department of Chemistry, Western Kentucky University. Dr. Thomas Green. Methylation of petroleum distillates and NMR characteristics of identifications. 1992-1995.

**PRESENTATIONS:**

"Goltz Syndrome", David Lam, MD and Linda Golkar, MD. Presented at the American Academy of Dermatology, Fall meeting, New Orleans, Louisiana. March 2002.

Physician Assistant Dermatology Lecture Series, University of Florida. 2001, 2002.

**BOARD CERTIFICATION:**

American Board of Dermatology, 2003

**HOSPITAL AFFILIATIONS:**

Town & Country Dermatology, Tampa, FL

All Children's Hospital, St. Petersburg, FL

**LICENSURE:**

Florida/2002 ME 85485

**PROFESSIONAL ORGANIZATION MEMBERSHIPS:**

American Board of Dermatology (2003 - present)

American Society for Mohs Surgery (2003 - present)

American Academy of Dermatology (2000 - present)

Florida Society of Dermatology (2000 - present)

American Medical Association (1995 - 1999)

**AWARDS/HONORS:**

Alpha Omega Alpha-University of Louisville Chapter (1998 - present)

University of Louisville Pediatrics Department Student of the Year 1999

University of Louisville Department of Physiology Student of the Year 1996

Western Kentucky University President's Scholarship and Scholar 1991-1995

Western Kentucky University Department of Chemistry Student of the Year 1993, 1994

Western Kentucky University Department of Biology President's Scholarship 1993, 1994, 1995

Phi Beta Kappa 1995
